

Application for Non-Resident Status for KSAS Graduate Students

Definition

Students will be eligible for Non-Resident status if they:

- Have no courses remaining in which to enroll. Students may have the following to complete: (1) the master's essay or doctoral thesis; (2) coursework in which an "Incomplete" grade was assigned; or (3) non-coursework requirements such as a language or computing requirement.
- Have reached the end of their departmental support period or have exhausted support from grants and cannot be fully supported by the department;
- Are working 19.9 hours per week or fewer during the academic year if employed by Johns Hopkins University in any capacity (intersession or summer employment can be full-time, however). If working, students cannot be on salary (or stipend) but must be paid hourly on a semi-monthly basis. NOTE: Research or teaching assistants expected to work more than 19.9 hours per week do not qualify for Nonresident Status.

Tuition

All students on Non-Resident Status will be charged 10% of full-time tuition per semester. Non-Resident students are auto-enrolled in the student health insurance plan (usually at their own cost), but if eligible for a waiver, can file to waive out of the plan. Students are encouraged to visit/contact the JHU student benefits office for more information.

Restrictions

Non-Resident students are awarded the same privileges as all full-time students -- there are no additional restrictions on access to campus, faculty advising or JHU services for those with this status. However, Non-Resident students are not permitted to enroll in any courses, with one exception -- under certain circumstances, international students who file for Curricular Practical Training F1 (CPT1) through the Office of International Services may register for a course entitled "Research and Teaching Practicum" (KSAS). The maximum amount of time that a student may retain Non-Resident status is four semesters for master's students and ten semesters for doctoral students. Upon reaching this limit, the student will be required to register for full-time resident status until degree completion.

Application Procedures

To be awarded Non-Resident status, students will be required to complete and sign a form indicating that they meet all the requirements as stated above. A letter from the applicant detailing his/her/them current status towards completing the thesis/dissertation, as well as the progress the student expects to make while on Non-Resident status must accompany this form. The form will need to be signed by the department chair and the Office of International Services (if applicable) prior to its submission to the KSAS Graduate Education Office. The final decision is made by the Vice Dean of Graduate Education (KSAS). Students should apply for Non-Resident status well in advance of the first semester for which it is desired. When requesting a change of status for the current term, such petitions should be submitted no later than the end of the second week of the semester.

Reporting Responsibilities

Departure of a student from the Krieger School of Arts and Sciences without prior arrangement of Non-Resident Status will be deemed a permanent withdrawal from the student's program. While on Non-Resident status, students are expected to provide the Office of the Registrar and their department with an updated current address and are expected to respond to all communications and mailings (e.g. the Annual Report Form) within the deadlines specified. Failure to return these forms will be deemed a withdrawal. Students who withdraw from their programs must be formally readmitted, at the discretion of the department, before they may return to the University. If readmitted, they need not pay a second admission fee but must satisfy the residency requirements for the degree following readmission (even if previously satisfied) and pay all outstanding Non-Resident fees.
